

## TAXAND ACCESS

Face-to-face meetings are the best way to do business. They cement relationships and allow more productive discussion than any conference call ever could. That's why we've created Taxand Access – our commitment for our clients to achieve regular face-time with local tax advisors worldwide.

### LOCAL EXPERTS IN YOUR OFFICE

Taxand works with multinational companies seeking quality international tax advice. We provide a global view informed by local expertise. Our workforce is mobile. We go where our clients need us. And we move fast because in many cases we're already there.

Taxand Access reaches beyond desk or exchange programmes. Taxand Access gives our clients direct, regular, face-time with our local experts but where our clients are. We come to you, when you need us, long term. Yet we're based for the most part locally and know our domestic market inside-out.

### TAILORED ACCESSIBILITY

Taxand Access is initially available for clients based in Madrid, London, New Delhi, New York, Paris and Shanghai. As well as our practices located in these key international business hubs, our global team of Access Taxanders regularly spend time on-site.

For each financial centre we have tailored accessibility. So if you're based in New York and want to discuss French issues, our French Access Taxander will be available to meet with you and your Taxand US relationship manager. If you're in Shanghai and want to discuss issues you may have in Spain, our Spanish Access Taxander will be there. Your Taxand relationship manager will liaise with you to identify your needs and set up meetings.

### PRACTICAL ADVICE, FAST AND FACE-TO-FACE

We understand you need informed local expertise consolidated to form your global tax planning picture. Taxand Access provides the face-time you seek for that local specialist advice. We're not just numbers in a telephone directory we're committed to delivering practical advice, fast and face-to-face.
